

Blue Lake Coronavirus Precautions and Procedures

Revised: May 2021

Forward

In an effort to reopen Blue Lake for our community, we have developed some procedures and protocols for our user groups and guests moving forward. In this packet, you will find information describing what Blue Lake will be doing to prepare for you and your group AND what your role is as a group leader in preventing the spread of the Coronavirus.

If there are any questions or concerns please do not hesitate to reach out! We thank you for working with us during this trying time. We can't wait to see the great things that come from your time here at Blue Lake!

With Gratitude,
The Blue Lake Staff

Blue Lake Responsibilities

- Any staff member showing signs of illness will be expected to stay home until symptoms are no longer present
- Employees will wear masks when serving food, including dining hall, s'mores, etc.
- We will disinfect every building used before a group arrives and after a group leaves
- All cabins have a maximum occupancy between $\frac{1}{2}$ and $\frac{2}{3}$ depending on the cabin style, please call the office on specific information about particular facilities
- Hand sanitizer will be available around camp
- We will disinfect high traffic surfaces/areas regularly including door knobs, doors, and sports equipment
- We will place signage throughout camp about Coronavirus prevention practices

Blue Lake Dining Hall Procedures

- Kitchen staff will follow all health department guidelines and executive orders currently applicable and in effect.
- If multiple groups or camps are at Blue Lake at one time, groups will have meals scheduled separately and surfaces will be disinfected between groups
- Tables will be appropriately distanced and a total room capacity set and enforced.
 - Oakwood Capacity: 182 (230 Including Overflow Room)
 - Pinewood Capacity: 96
- The staff will wear masks while serving.
- We will not have a self-serve salad bar. Instead, we will serve a salad with meals.
- Disposable or single serve items will be utilized whenever possible.

Your Group's Responsibilities

- Instruct any potential participant that has shown signs of respiratory illness in the past 2 weeks or has come in contact with someone who has shown symptoms needs to **stay home**.
- Temperature check your participants before you arrive at Blue Lake (less than 100.00 F required) are recommended, anyone with a fever is to **stay home**.
- Masks are highly recommended in the common spaces of camp, especially in the Oakwood Lodge due to the narrow hallways and closer quarters
- Monitor and enforce personal distance between your group
- Unvaccinated guests are highly encouraged to wear masks whenever possible as recommended by the CDC.
- Instruct your participants on hand washing, coughing and sneezing best practices.
- Inform Blue Lake staff of ANY potential respiratory illness on our property immediately.
